William Turner Gallery Presents Atmospheria

A Photography Exhibition by Internationally Acclaimed Artist Julian Lennon

The exhibition of fine art photography coincides with
Frieze Los Angeles 2023, February 16-19.

"The earth does not belong to man, man belongs to the earth. All things are connected like the blood that unites us all. Man did not weave the web of life, he is merely a strand in it. Whatever he does to the web, he does to himself." - Chief Seattle

Midnight Smoke by Julian Lennon

Santa Monica, CA (January 2023) - William Turner Gallery is pleased to present *Atmospheria,* a collection of ethereal photographs by internationally acclaimed artist Julian Lennon. Lennon's debut exhibition with William Turner Gallery will highlight the drama of nature's atmospheric forces, revealing his passion for the environment and deep commitment to its preservation. The opening reception for Lennon's exhibition will take place on February 18, 2023, from 5:00 to 8:00 p.m. The event will be in conjunction with the Bergamot Art Station Open House for Frieze Los Angeles, featuring 17 local galleries.

Lennon's photographs serve as allegorical vehicles in this time of heightened awareness for our planet's peril. In surveilling these ever-changing skies, *Atmospheria* celebrates the beauty of these vaporous vistas to inspire us to better revere and protect them.

The collection is suffused with a sense of wonder and awe at the majesty of natural phenomena. Each image simultaneously evokes feelings of sweeping grandeur and indefinable yearning. Luminary, shape-shifting clouds, distinguished by the combings and crests of light and shadow, speak with gravitas and elegance.

Sultan Sun by Julian Lennon

A portion of the proceeds from *Atmospheria* will benefit The White Feather Foundation (TWFF), Lennon's nonprofit organization. Since its inception in 2007, TWFF has championed conservation projects worldwide. The foundation raises funds for Indigenous, environmental, education, health and clean water projects around the world. TWFF has saved native lands from being taken from Indigenous groups; brought clean water to developing communities; provided girls with educational scholarships; helped furnish and build schools in underprivileged areas; brought mobile ambulances to remote villages; assisted with disaster relief and brought meaningful social justice films to light.

###

About Julian Lennon
Born in Liverpool, England, Julian Lennon began his artistic trajectory at a young age with an inherent gift for playing musical instruments. Those abilities would soon broaden into the cinematic and visual arts. As an observer of life in all its forms, Julian developed his personal expression through such mediums as music, documentary filmmaking, and philanthropy before exploring fine art photography.

Julian has exhibited his artwork internationally including at the Venice Biennale; Art Miami; Art Cube, Paris; Contemporary Istanbul; Emmanuel Fremin Gallery, New York City; The International Art Project, Cap d'Ail, France; the Little Black Gallery, London; Photo House, Brussels; Urban Art House, Amsterdam; World Art Dubai; and Leica Galleries around the world. Furthermore, Lennon has a distinguished career as a musician and composer. His latest album, "Jude", was released in November 2022 on BMG.

About The White Feather Foundation

Established in 2007 by Julian Lennon, The White Feather Foundation brings awareness to worthy organizations by amplifying their voices, expanding their supporter communities, and providing funding for their initiatives. This is achieved through the support of projects across the globe that foster education and good health; preserve Indigenous cultures; sustain our environment and give access to clean water for the conservation of life. Visit whitefeatherfoundation.com and follow the charity on Facebook, Instagram, and Twitter.
